

**Engine MY2004
Port Truck
Replacement Program**

**Replace your Port Truck
(trucks with engine MY2004 only)!!**

**FOR A LIMITED TIME:
Applications accepted until
January 13, 2012 (5:00pm)**

The Bay Area Air Quality Management District (District or BAAQMD) is accepting applications to replace drayage (port) trucks that have engines manufactured in 2004. The District will be providing \$10,000 grants for selected truck replacement projects, **on a first-come, first-served basis**. Trucks must be Class 8 (GVWR 33,001 lbs or greater), travel an average of 20,000 miles per year, be registered in the CARB Drayage Truck Registry (DTR) to an addresses in the nine-county Bay Area air basin and be used primarily to transport bulk or containerized cargo in Bay Area maritime and rail ports.

What trucks are eligible?

- Class 8 (GVWR 33,001lbs or greater) drayage trucks
- 20,000 average annual miles driven
- Engine **manufactured** in 2004
- CARB DTR registration current & registered within the Bay Area air basin
- Used to transport bulk or containerized cargo to or from Bay Area maritime or rail ports

Applications available online (print and submit by hand at OT411) at www.baaqmd.gov/goods, or visit OT411 Trucker Information Center (Maritime Ave/Alaska Rd, Port of Oakland) Mon-Fri 11am-4pm. Only complete applications will be accepted (see below) – application deadline: Friday, January 13, 2012 5:00pm. All applications must be submitted in-person at OT411 – no mailed or faxed applications.

Submit with your application:

- Current DMV registration
- Current Proof of Insurance
- Odometer or mileage documentation sufficient to calculate a full 2 years of mileage for the truck. See Program Factsheet or website for full details. Typical documentation includes maintenance/repair records, truck inspections, fuel tax records, daily mileage/driver logs, daily manifest or anything that shows odometer and date.

For more information:

- Visit OT411 Trucker Information Center – Maritime Ave/Alaska Rd, Port of Oakland, Mon-Fri 11am-4pm
- BAAQMD (general questions): 415/749-4994 (option 1)
Email grants@baaqmd.gov, Website: www.baaqmd.gov/goods, or
- Cascade Sierra Solutions (application & loan info): 541/246-2344

This program is not for retrofit filters or for trucks with engines manufactured in any other year – this program will only replace Bay Area port trucks that have engines manufactured in 2004
